Luxury and functionality on board

The Meridian's bathroom offers refined comfort, designed to meet the expectations of the most demanding travellers. It features a spacious shower and rotatable toilet for flexible use and easy cleaning. The integrated window provides optimal ventilation and soothing natural light

Every detail has been thought through to offer a top-of-the-range experience, from the practical embedded shower plugs to the clever storage units. Whether you're taking an invigorating shower after a day of exploring or getting ready to go out, enjoy the luxury of a private bathroom that combines functionality and elegance, even in the wilderness.

Genuine shower room

with shower, rotatable toilet and privacy window

Everything in its place

The Meridian makes the most of space with clever storage solutions. The large, modular cargo hold under the rear bed makes it easy to stow various items of equipment.

Roof rack rails make it easy to transport sports equipment. Every space is designed for ease of use, ensuring a smooth, organised journey.

A timeless journey

Since it was founded in Germany in 1844, Westfalia has embodied the spirit of adventure and freedom. The brand's history began in 1950 with Volkswagen and the legendary VW Combi, transformed into a real cocoon on wheels. Imagine a sofa bed, a fold-down table and a comfortable bench seat: the joy of the open road, the freedom of sleeping under the stars. These vehicles, synonymous with travel and escape, quickly conquered America. Today, under the wing of the Rapido Group, Westfalia continues to innovate, while preserving its fundamental values of freedom and independence, so that every journey is a new story to tell.
