

COLUMBUS *Liner*

COLUMBUS Liner

A man and a woman are sitting on a boat, looking out at a lake and mountains at sunset. The man is on the left, wearing a blue shirt, and the woman is on the right, wearing a white shirt. They are both holding glasses. The boat has a white canopy and a black railing. The background shows a large mountain and a body of water. The sky is a mix of blue and orange from the sunset. The text "Discover a whole new dimension of LUXURY travel." is overlaid on the right side of the image.

Discover a whole
new dimension of
LUXURY travel.

The new WESTFALIA Columbus *Liner* redefines travel in a camper van.

Its exclusive three-level architecture combines a spacious living area, a genuine **king-size bed** and, as an option, a spectacular **Skylounge** directly accessible from the sleeping area. An innovative concept offering a level of space and freedom previously reserved for large luxury liners. Designed for discerning travellers, the **Columbus Liner** combines intelligent design, exceptional comfort and outstanding autonomy to transform every journey into a unique experience.

A whole new
SENSE OF SPACE.

Redefining life on board.

Enjoy impressive headroom and a completely new feeling of space. The open-plan living area takes comfort to a new level.

The double floor extends throughout the living area and is available with optional integrated **underfloor heating**, including in the space in front of the WESTFALIA bench seat. The result is a completely step-free interior with exceptional freedom of movement.

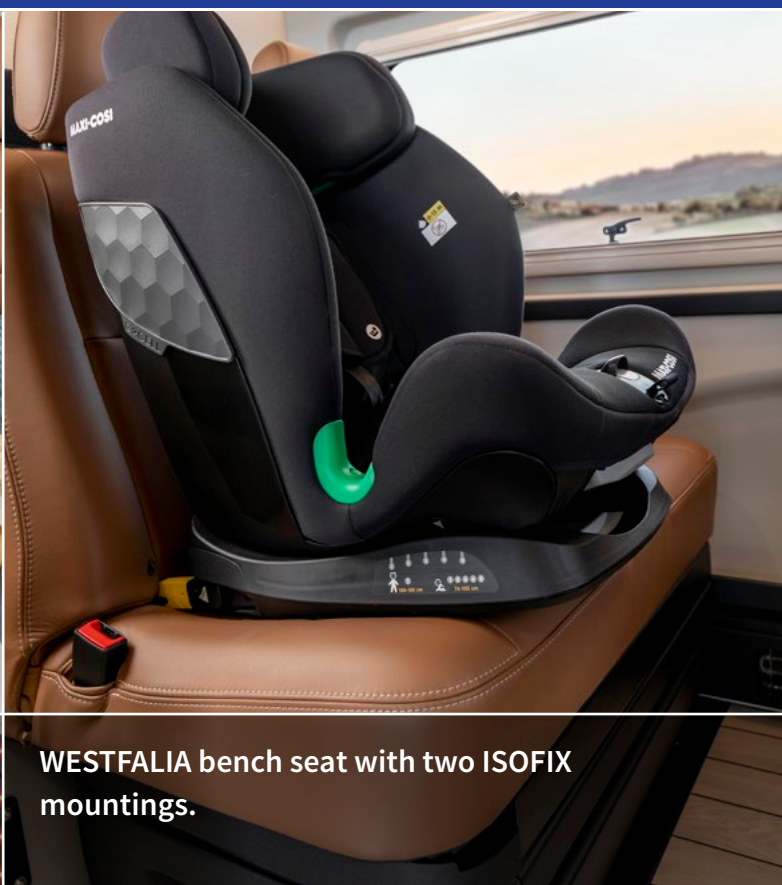

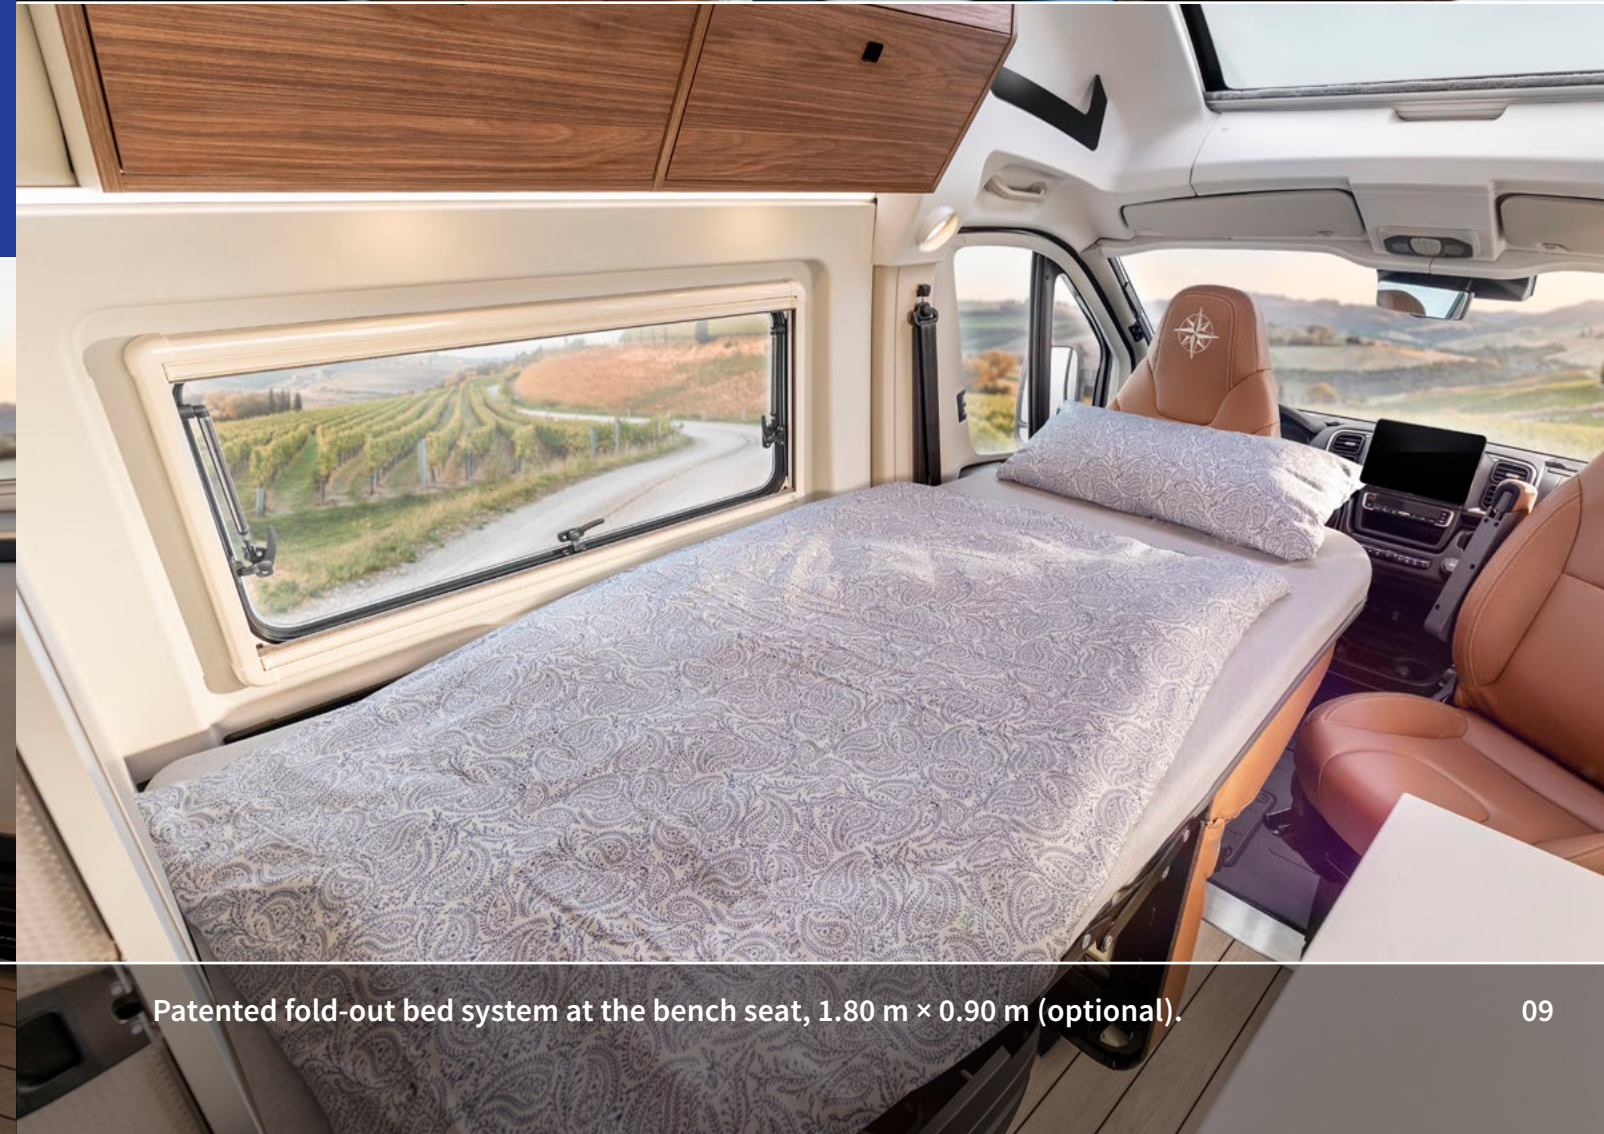

The comfortable WESTFALIA bench seat provides

- + Almost 2 m of headroom
- + Completely level living area
- + Double floor with optional dual-zone underfloor heating for the living area and shower tray

two belted travel seats with **ISOFIX** mountings and converts into an additional bed in just a few simple steps.

The large **Skyview** window fills the interior with natural light and enhances the open, airy atmosphere.

- + Skyview for an exceptional feeling of space
- + WESTFALIA bench seat with two ISOFIX mountings and optional additional bed

King-size comfort on a level of its own.

Accessible via ergonomically integrated steps, the sleeping area of the WESTFALIA Columbus Liner features a **Skyroof** with an LED strip, creating an exceptionally airy feeling of space and opening up views of the sky.

The WESTFALIA Sleeping Comfort System combines a high-quality cold foam mattress with a **Froli suspension system** for exceptional sleeping comfort.

With a sleeping length of up to 2.04 m and 95 cm of headroom with the pop-up roof closed, you can enjoy exceptional freedom of movement.

Side windows, individual reading lights, **USB** sockets and generous overhead storage compartments create a warm and highly functional environment, ideal for relaxation and extended journeys.

- + Exceptional sleeping comfort
- + King-size bed, 1.89 m wide and 2.04 m long on the right and 1.86 m on the left
- + 95 cm of headroom (pop-up roof closed)

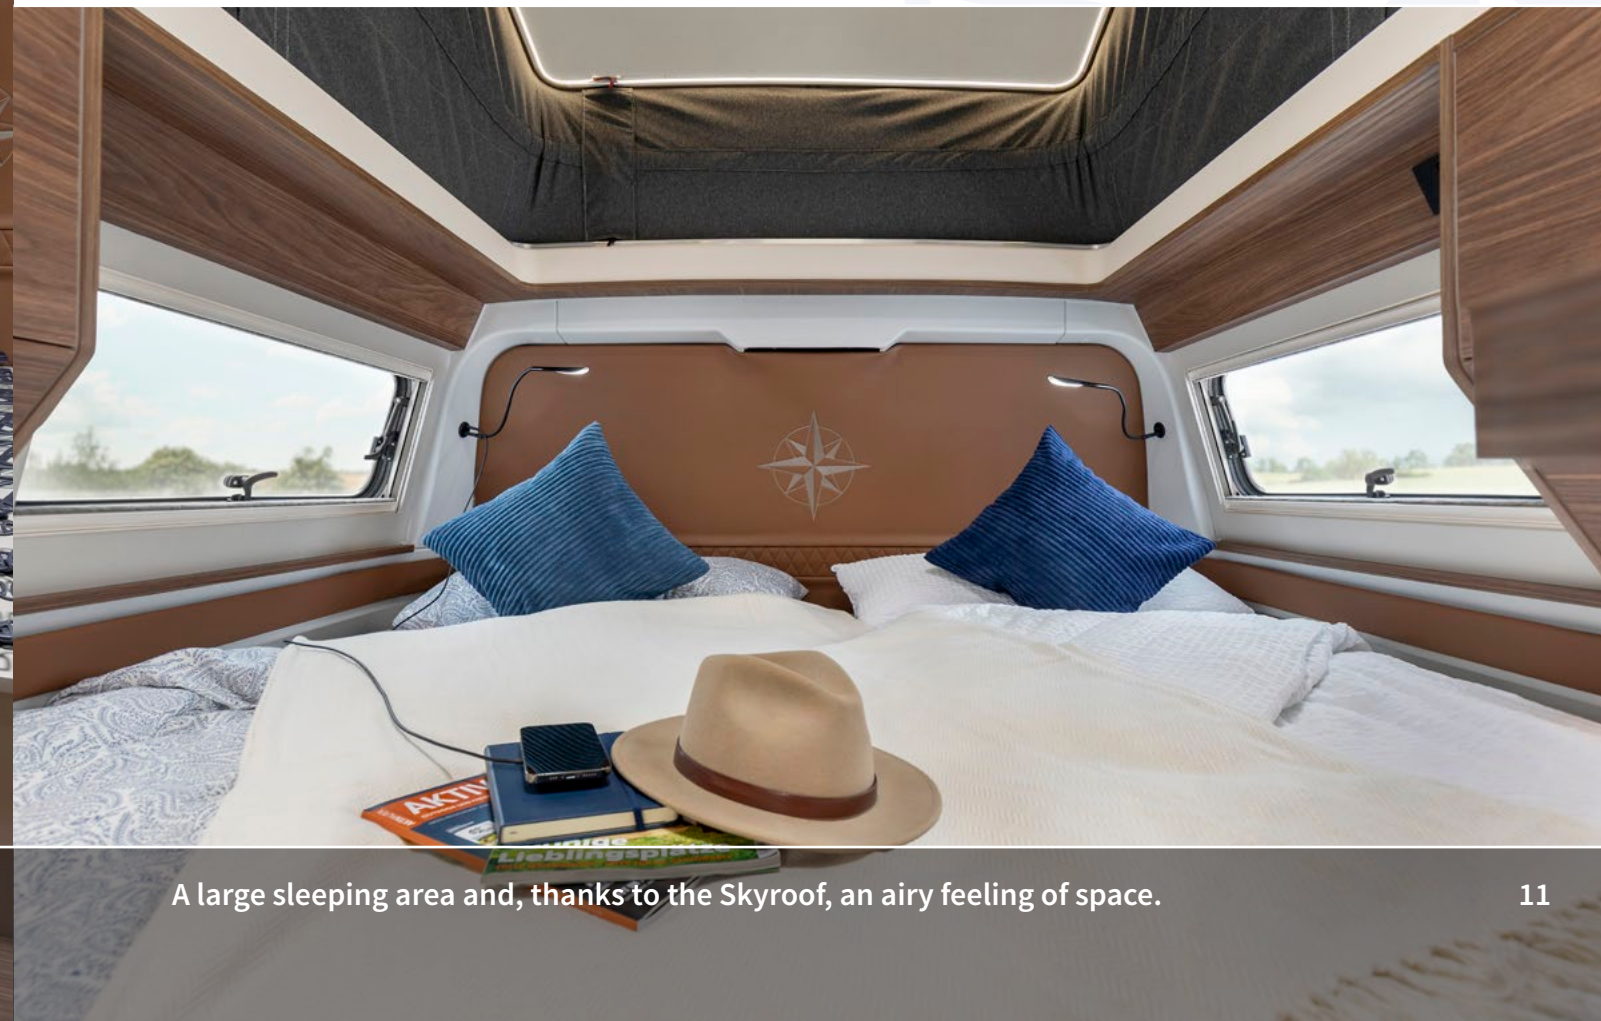

- + Two reading lights
- + USB sockets
- + Windows on both sides and in the panoramic bellows of the pop-up roof

10 Easy access via the steps.

Froli suspension across the entire sleeping area.

A large sleeping area and, thanks to the Skyroof, an airy feeling of space.

Room with
A VIEW.

A unique Skylounge.

The optional Skylounge is just a few steps from the comfortable king-size bed, offering you a private rooftop terrace high above everyday life.

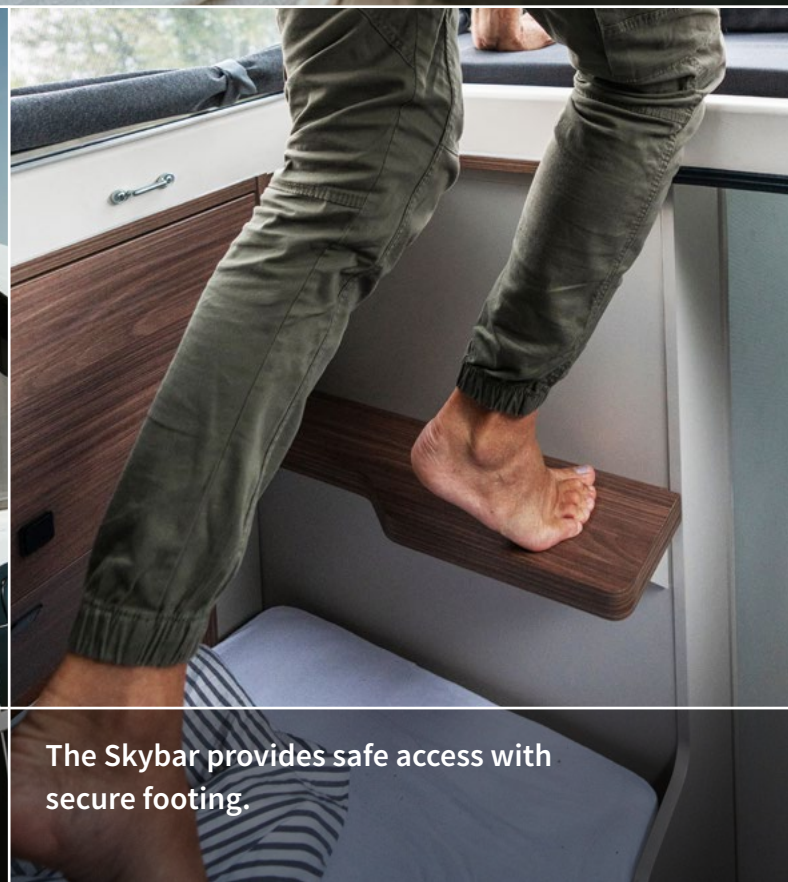

Start the day with a freshly prepared espresso, read in the sunshine or take in spectacular sunsets and star-filled skies. The **Skylounge** offers an entirely new way to experience nature, with breathtaking views at every destination.

The large **Skyroof**, with its integrated insect screen, fills the sleeping area with natural light and creates a seamless connection between indoors and out. For added comfort, the optional **Skybar** features an integrated espresso machine.

- + Skyroof with integrated insect screen
- + Direct access from the sleeping area
- + Optional Skylounge (private rooftop terrace)
- + Exceptional panoramic views
- + Skybar with espresso machine (optional)
- + Hammock (optional)

14 Hammock (optional)

The Skybar provides safe access with secure footing.

The Skyroof with the optional Skylounge: experience unforgettable moments.

Your new active
COMPANION.

An XXL rear garage for limitless freedom.

The WESTFALIA Columbus Liner offers one of the largest rear garages in its category, opening up remarkable possibilities for active travellers.

Two e-bikes and two children's bicycles, or even a 50 cc scooter: your equipment can be stored with ease without compromising the comfort of the living area.

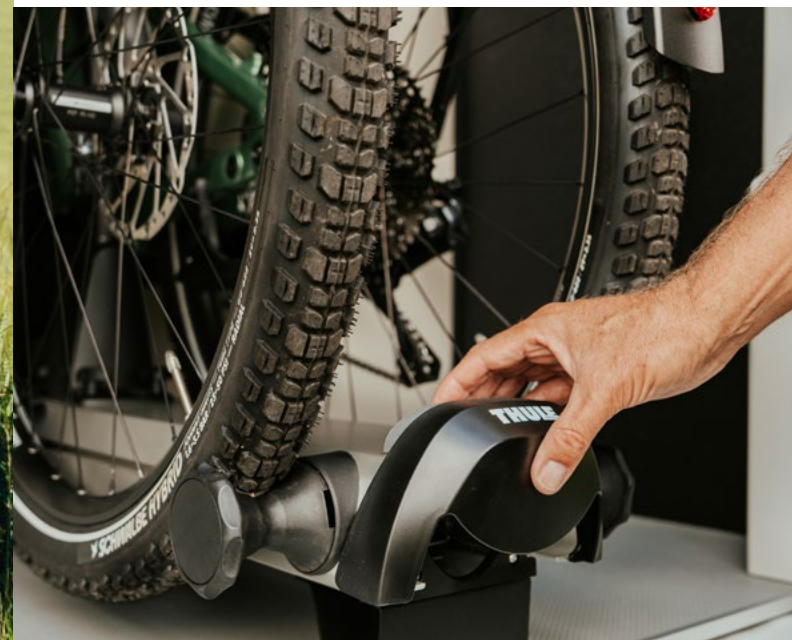

Completely separated from the living space, the garage effectively protects the interior from dirt, moisture and odours, even after extended

trips or when transporting sports and camping equipment.

Thanks to the optional **Thule VeloSlide** system, two e-bikes can be loaded and unloaded easily without removing any parts. The optional **Rail Pack** ensures optimum securing of the load during transport. Ideal for long journeys and every adventure.

- + Storage capacity for two e-bikes and two children's bicycles
- + E-bikes can be loaded without dismantling
- + Pre-installation for e-bike charging
- + Space suitable for transporting a scooter

- + Garage completely separated from the living area
- + Thule VeloSlide for convenient loading and unloading (optional)
- + Rail Pack for securing the load (optional)

Thule VeloSlide (optional).

Easy loading without dismantling.

Where do you
want to wake up
TOMORROW?

A kitchen designed for discerning travellers.

The WESTFALIA Columbus Liner kitchen combines modern design with smart functionality.

For the first time in its history, WESTFALIA offers an optional **induction hob**, setting a new benchmark in the camper van segment. The gas hob remains standard.

The **generous worktop** provides plenty of space for preparing meals. An independent stainless steel sink, a front-access compressor refrigerator and numerous full-extension drawers make everyday use particularly convenient.

Soft-close drawers, a removable cutlery tray accessible from both inside and outside, and practical storage compartments make efficient use of every available centimetre. Premium materials and elegant wood accents give the space the feel of a contemporary designer kitchen.

- + Two-zone induction hob (optional)
- + Front-access compressor refrigerator with freezer compartment directly by the entrance
- + Independent stainless steel sink
- + Numerous soft-close, full-extension drawers
- + Dedicated storage for spices and bottles
- + Ergonomic working height
- + Large window area for plenty of daylight while cooking
- + Hot-water boiler for the kitchen and shower

22 Also accessible from outside: the ingenious cutlery tray.

Stainless steel sink with cover and optional induction hob.

Every centimetre of the kitchen unit is optimised for storage.

The 90 L compressor refrigerator with freezer compartment is accessible from both inside and outside.

A bathroom designed
for *WELL-BEING*.

26 The spacious shower area with the toilet stowed away and the washbasin folded up.

The Clesana C1 sealing toilet in its extended position.

Two spaces. One smart design.

The Columbus Liner reimagines the bathroom with an innovative design that combines a comfortable toilet area with a spacious shower while making **optimum use** of the available space. In just a few simple steps, the fully equipped bathroom transforms into a comfortable shower offering exceptional freedom of movement.

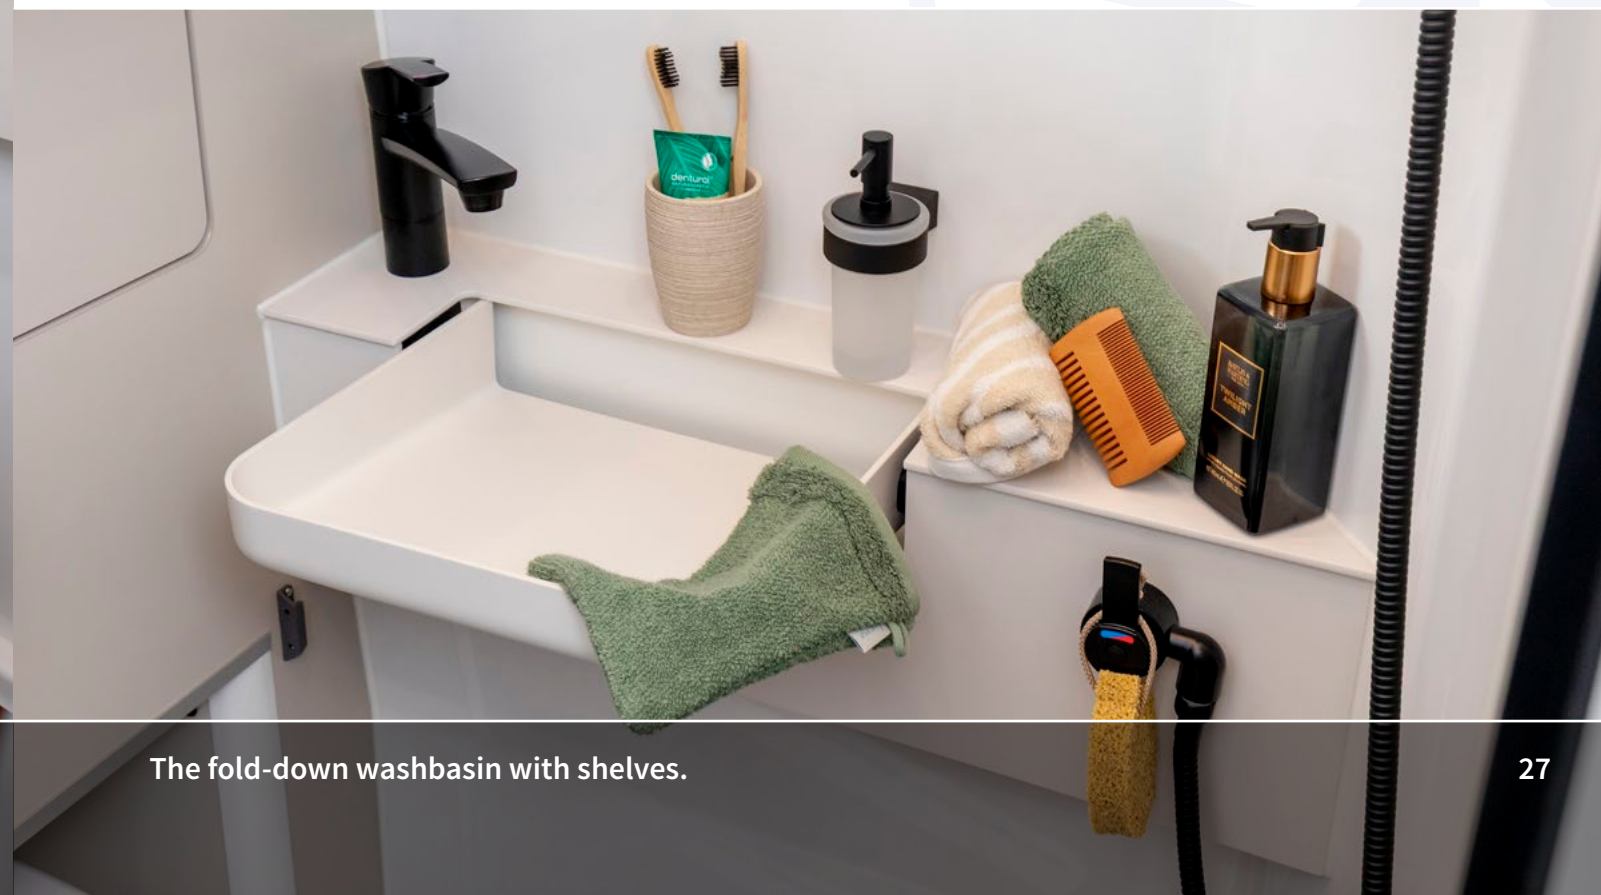

At the heart of this innovative design is the **WESTFALIA Floor Slide System**. The separating dry toilet or optional Clesana sealing toilet slides discreetly into its integrated compartment, while

the fold-away washbasin folds up effortlessly. This creates a spacious, fully usable and unobstructed shower.

A large side window provides natural light and effective ventilation, while the **LED lighting** creates a pleasant atmosphere.

Clever shelves, a large mirror and practical storage areas provide **plenty of room** for toiletries and complete this comfortable, premium bathroom.

- + Innovative WESTFALIA Floor Slide System
- + Spacious shower cabin offering excellent freedom of movement
- + Dry-separating toilet (standard), Clesana sealing toilet (optional)
- + Fold-away washbasin
- + Clever shelves and generous storage space
- + Large window for natural light and ventilation

The fold-down washbasin with shelves.

Exceptional storage capacity.

Everything in its place and always within easy reach.

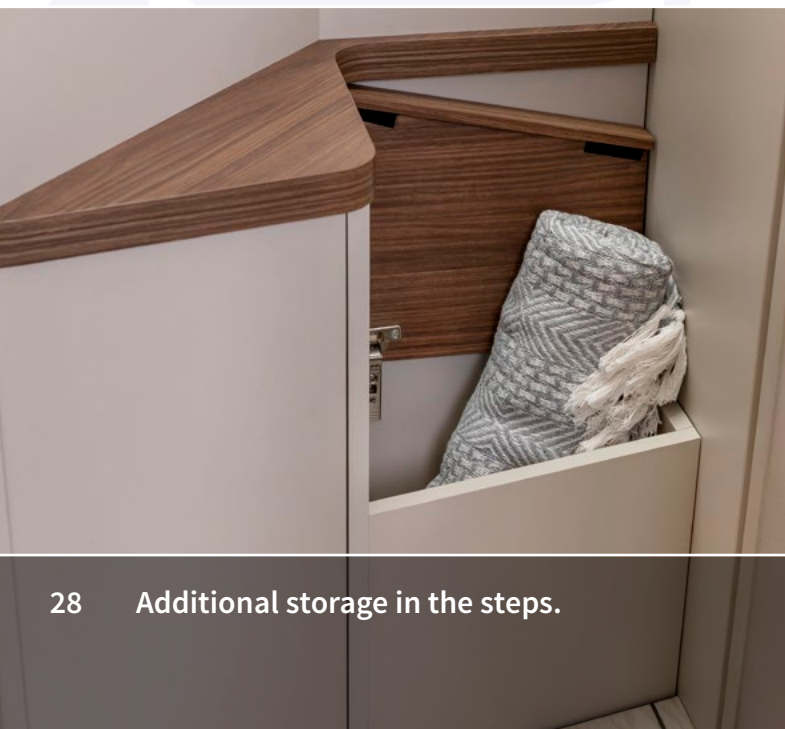

Cupboards, full-extending drawers, open niches and hidden compartments allow clothing, luggage and personal belongings to be **organised efficiently** and kept within easy reach.

Three large overhead cupboards with a total of ten storage compartments are complemented by the XXL rear garage, a large storage compartment beneath the left-hand bed, numerous full-

extending drawers and clever storage areas throughout the vehicle. A wardrobe, a separate shoe compartment and storage integrated into the steps leading to the sleeping area provide even more storage options.

The result is an **exceptionally well-organised** storage concept for everyday use and relaxed touring from the very start.

- + Three overhead cupboards with ten storage compartments
- + Storage compartment under the lift-up left-hand bed
- + Numerous full-extending drawers
- + Clever storage compartments
- + Storage areas in the sleeping area
- + Practical shoe compartment at the entrance
- + Open niches for frequently used items
- + Additional storage integrated into the steps leading to the sleeping area

28 Additional storage in the steps.

Shoe compartment in the double floor by the entrance.

Wardrobe rail in front of the bathroom.

Large, easily accessible storage compartment under the left-hand bed (optional).

FREEDOM
rediscovered.

Maximum autonomy.

The WESTFALIA Columbus Liner has been designed for those who want to travel freely without depending on campsites or electrical hook-ups.

Whether you are heading off on a spontaneous weekend getaway, working remotely in nature or spending several weeks exploring Scandinavia, the optional **WESTFALIA energy packs** ensure that you always have enough power on board.

Depending on the chosen configuration, the vehicle can be equipped with up to **540 Ah** of lithium battery capacity, a powerful **3,000 W**

inverter, an **80 A** mains charger, an **80 A** charging booster and an optional induction hob. The **165 Wp** solar module on the Skyroof completes the system and helps to supply power while travelling.

With this setup, you can power a coffee machine, induction hob, laptop and other devices without relying on an external power supply.

- + Plus Pack with 300 Ah lithium battery
- + Premium Pack with 540 Ah lithium battery
- + 165 Wp solar module
- + 3,000 W inverter

- + 80 A mains charger
- + 80 A charging booster for charging while driving
- + Induction hob

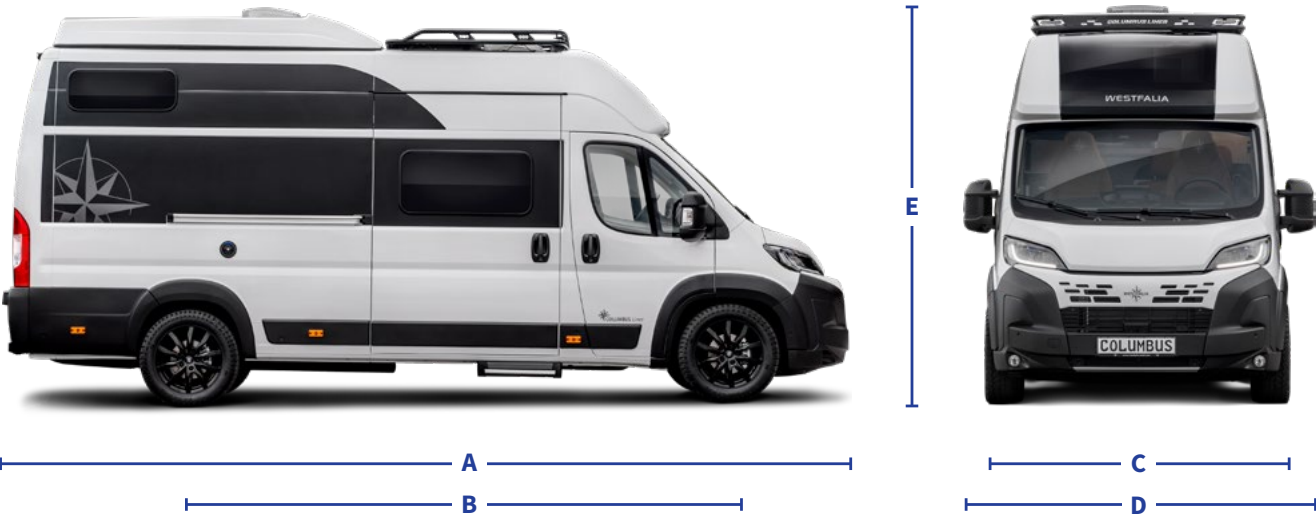

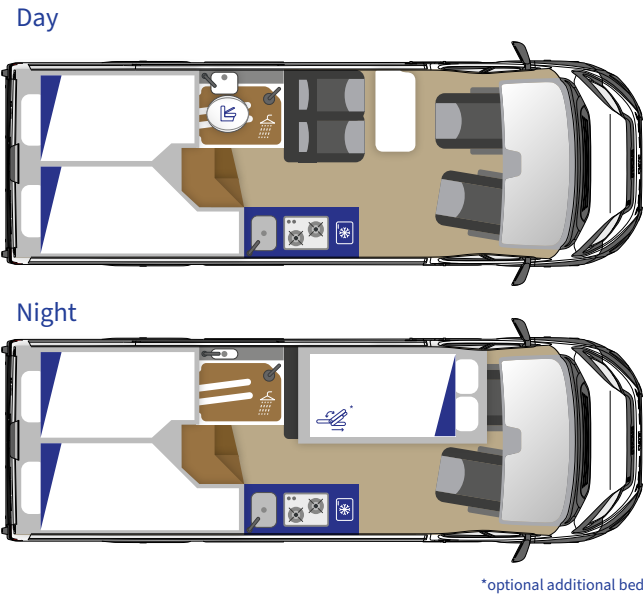

The control panel lets you monitor all key on-board functions. It can also be combined with the optional WESTFALIA Connectivity Bridge and WESTFALIA Connect app for smartphone control.

Westfalia - freedom on wheels since 1844

For over 180 years, Westfalia has stood for a spirit of adventure, pioneering ideas and a longing for boundless freedom. Its major breakthrough came in 1950 with the VW Kombi, a true home on wheels. A sofa bed, fold-out table and comfortable bench seat provided everything needed to enjoy life on the road to the full.

What began as a practical companion for explorers quickly became an icon, symbolising limitless travel and life in the open air.

Today, Westfalia is part of the renowned Rapido Group while remaining true to itself, with renewed innovative strength and a clear focus on what matters most: freedom, independence and unforgettable travel experiences.

Westfalia - Because every journey is your story.
